The Sandwich Giants

A fun & safe activity for the 2021 Holidays!

Holiday lights have become a very big tradition, the bigger the better, and Sandwich is no exception. Sandwich is the birthplace and home of a unique family of giant light sculptures that appear during the Holiday season.

The majority of **The Giants** are sponsored by local businesses.

They represent and highlight what these businesses are.

An example of this is the first Giant, which was born in 1998, by its creator Michael Magyar from The Glass Studio on Cape Cod, in East Sandwich.

Moto-San the Glassblower stands as tall as the Glass Studio building where he is displayed roadside, with hundreds of lights covering his steel rebar skeleton.

Since that first year the number of Giants have grown. They have expanded down 6A, spill onto Main Street and stand tall on the backroads of Sandwich, as well as expanding into other nearby towns.

To follow **The Giants** around Sandwich, look to the following pages for a map or print out a copy here to plan out this fun & safe holiday activity.
